

## Guest Researcher Agreement

Please type or print information clearly

By my signature, I certify that in submitting this "Guest Researcher Agreement," I have read *Policy and Procedure No. 327, "Contractor Guest Researchers,"* and agree to conform to all terms therein, including those contained within the Frederick National Laboratory for Cancer Research (FNL) safety regulations and policies and procedures, including public information and the review and publication of manuscripts, and will abide by all the rules and regulations prescribed by the authorities of Fort Detrick and the National Cancer Institute. I am aware that I will not receive compensation for work performed, but will receive medical treatment and consultation to the same extent as provided to all FNL visitors.

As a Guest Researcher, I agree not to disclose any portion of the proprietary/confidential information garnered while at FNL without the prior written permission of the contractor and FNL, and will use reasonable care to maintain the confidentiality of the proprietary/confidential information. Proprietary information and confidential information includes but is not limited to:

Unpublished data, research results, theories, drawings, and figures or visual depictions of research data or results, regardless of format; products or process information; unpublished technical information; pending patent material; other sensitive information, such as confidentiality agreements, cooperative research and development agreements (CRADAs), material transfer agreements; computer codes/programs; internal reports or other work products, such as notebooks, charts, notes of your own, and file materials; business practices, such as contract pricing, overhead rates, pay scales, and negotiation positions; financial information; and personnel information.
