

**Question: Do you love to travel, enjoy international foods, music or films? Are you fascinated by other cultures?**

**Answer: If so, then the *Employee Diversity Team (EDT)* is the ideal place for you!**

It is the job of the EDT to celebrate and share the rich diversity of the NCI at Frederick and the Frederick National Laboratory for Cancer Research. We are looking for bright, talented, and committed employees, both government and contractor!

The team creates opportunities, sponsors activities, and develops outreach and educational initiatives. We need writers, creative minds, organizers, movers and shakers, and all other personality types—but most importantly, diversity! The time commitment is minimal. The team meets for 30 minutes to 1 hour once a month.

- Work with the Discovery Café to offer more *international foods*
- Use your *creativity* to develop displays for the EDT, Building 549 Display Case
- Identify and encourage musicians to play *world music* at our various events
- Be a *film critic*, check out the movies from the Diversity Café series and provide us with movie suggestions
- And much, much more!

“At the NCI at Frederick we want to embrace and celebrate the diversity among our employees. Having people from various cultures, backgrounds and interests helps us collaborate and see things in a new way – a boon for scientific discovery and overall work satisfaction. I encourage employees to get involved, be a part of the Employee Diversity Team and to participate in their activities.”

- Craig Reynolds, Ph.D.

If you're interested in checking us out, have suggestions or would like more information, please contact Andrea Frydl, public affairs specialist (301-846-x5382). The EDT meets in the conference center on the first Thursday of every month from 9 to 10 a.m.

**We would love to hear *YOUR* ideas!!!**
